

Micro Galleries Jakarta opening weekend events announced.

September 19, 2017:

Global arts initiative Micro Galleries has released an action packed event schedule ahead of its October 6 opening weekend.

From live interactive painting to beatboxing and guided tours of the art-filled laneways, Micro Galleries Jakarta has something for everyone, young and old.

'We love pulling together the event schedule, it's a reminder of how much creativity abounds in Jakarta as well as the art and free activities we can pack into the two-week event, particularly over the opening weekend' explained global Artistic Director Kat Roma Greer, 'and we know from experience in other communities these events are unique and usually booked out, particularly the guided tours.'

Micro Galleries is particularly excited about the launch of new initiative, "Women on the Wall" an all-female collaboration. This will culminate in a live mural painting event that will taking place Saturday October 7 from 10am – 4pm at Kampung Kecil. "Women on the Wall" will bring together women from the kampung and the local and international arts community to create a mural depicting women's issues and focus on female empowerment, locally and globally, in partnership with global initiative MasterPeace and supported by AkzoNobel.

All the events over the opening weekend are free with events kicking off from 2pm Friday October 6th and running all the way through to 5pm Sunday October 8th. To find out more about all the events that will be happening or to book your place in a guided tour (Bahasa and English versions will be run) head over to the Micro Galleries website [PUT THE RIGHT LINK TO THE SCHEDULE HERE] or join us on the Micro Galleries Facebook page, where secret events will be announced.

Micro Galleries Jakarta is also possible thanks to the support of our sponsors, Equis Energy, the Australia Indonesia Institute and AkzoNobel brand, Dulux.
